

FULTON COUNTY TRIBUNE

ESTABLISHED IN 1888
KENTON & WEBB PUBLISHERS
Entered at the Post Office at Wauseon, Ohio, as Second Class Matter.

RATES OF SUBSCRIPTION
One Year \$1.00
Six Months .60
Three Months .35

The race is on which will end on the eighth day of August. May the best men win the places on the ballot for next November.

The kind thing to do is not to tell every candidate that approaches you that you will give him your support and vote at the primary election. Better be non-committal to all and keep your own counsel.

It does not follow that because the military and naval defenses of the nation are strengthened against an emergency that the country is about to plunge itself into war. Honest people do not want or expect a fire when they place a fire insurance on their property; they are simply safeguarding themselves against an emergency. The training of citizen soldiers to defend themselves, their friends, their homes and the institutions of their country is only a sane and sensible insurance against the time of unexpected emergency.

CORRESPONDENCE

OAK SHADE.

Children's Day exercises Sunday evening, June 25.

Saturday Evenings

"TRED TRES"

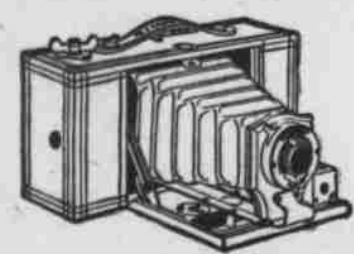

Sometimes your tires get "tired" and you may think they are good only for the junk heap, but you would save yourself a lot of money if you would bring these "tired tires" to us and let us "tire" them. You bring us two tires, we repair and vulcanize where necessary, then we remove the rim from the tire having the best tread and stretch this tread over the other tire making a double tread of rubber and fabric that is positively puncture proof, or you bring us one tire that is badly worn and we will furnish a new tread or "re-tread" which accomplishes the same result as in the first method. The "tired" tire is retired; we double sew the tread and tire together on a powerful electric machine using double waxed linen thread which we guarantee never to rip.

By this process you can get from 3000 to 4000 miles from tires that you consider junk. One man said he had driven a DOUBLE TREAD TIRE over 5000 miles and was still using it.

COME IN AND SEE IT DONE

C. H. HUFFMAN

Three Doors North of Court House

Now is Kodak Time

Here are three very desirable medium priced cameras. All are the popular 2 1/2 x 4 1/4 size. The last two have the new Autographic feature found only on the Eastman line—which enables the operator to write the title on each negative at time of exposure.

No. 2A Brownie - **\$2.00**
No. 2A Folding Autographic Brownie - **\$8.00**
No. 2A Kodak Junior - **\$11.00**

A new catalog for the asking

LYON & COMPANY

No Material Damage.

A husky Ethiopian came into a lawyer's office and, exhibiting a scalp wound about three inches long on top of his head, wanted to know if he could "git anything for dis heah." In response to a query from the lawyer he explained: "Well, boss it wuz like dis: Ah wuz working down by dis heah new buildin' an' a to-poun' brick fell off'n de sixteenth story an' hit me smack on de top de'ad." A grasping and heartless construction company, although admitting the facts and their liability, refused to pay more than \$10, on the ground that the evidence failed to disclose any material damage.—Case and Comment.

By-Products From Lemons.

Fruit suitable for exportation is converted into by-products—citrate of lime, essential oil, etc. Various circumstances decide whether a crop is to be exported or transformed into citrate and oil. It takes less capital to export, but it is cheaper to transport citrate and oil to market. The center of the by-product industry is in the northeastern corner of Sicily. The industry is profitable, but it is still in a rather crude condition, machinery being primitive or lacking.

Shall Women Propose?

Of course women should propose. It is women who change their entire lives by matrimony. It is women who take on colossal responsibility by matrimony. The women should surely be allowed to choose the man for whom she feels herself able to work and give. Men propose; men have had it in their own hands up to now, and if they have married the wrong woman they have only themselves to blame for it.—Women of the World.

CHURCHES FOR NATIONAL PROHIBITION

The Methodist Episcopal Church, with a membership of 5,000,000; the Presbyterian Church, with a membership of nearly 2,000,000; the Baptist Church (North and South), with 3,000,000; the Cumberland Presbyterian and other church denominations, in their conventions last month, declared themselves in unmistakable terms for nation-wide prohibition. Ringing utterances have also been made in the past few weeks by ecclesiastics high in the councils of the Episcopal and Catholic Churches.

THE PIED PIPER OF HAMLIN.

The Pied Piper returned from the pages of fiction to be host to 15,000 children at the Panama California International Exposition, Saturday May 27. The Piper gave notice that he would appear promptly at 11 o'clock from the canyon of the Exposition grounds, and when the thousands of children, assembled on the lawns, saw him, they hailed him with delight and followed him and his magic pipe through the Exposition wonderland, through the mountain people with gnomes and sprites, and to the aviation field where a wonderful program of entertainment was provided.

TESTIMONY OF LIFE INSURANCE COMPANIES

Statistics prepared by either the wets or the drys are apt to be viewed with suspicion because both sides are biased, says Arthur Hunter of the New York Life Insurance Company. But statistics put out by the life insurance companies are known to be absolutely without bias and the public has confidence in them. Mr. Hunter cites the experience of seven American companies and one Canadian company to show that mortality is from ten to thirty per cent lower among abstainers than among non-abstainers. Heshows further that mortality among total abstainers is markedly lower than among "temperate" drinkers, and very much lower than among "moderate" drinkers. The mortality among those who at date of application for insurance took two glasses of whisky a day, but did not drink to excess, is eighty per cent, in excess of the normal. There is an extra mortality of forty per cent among the policy holder who drank to excess at least five years prior to date of application for insurance, but had been very temperate for five years before acceptance.

LACE CURTAINS.

I am prepared to laundry all kinds of lace curtains. Prices reasonable. Your patronage solicited. Mrs. B. P. Omior.

ANOTHER TRIP TO WIN!

Ex-governor James M. Cox of Dayton contributes the expenses of a trip to Washington in the Corn Growing Contest. His trip goes to the boy in the state who raises the most corn in the 1916 Corn Growing Contest.

The Junior Contests are surely all right, for men high in the religious, mercantile and political life have contributed trips this year. These Junior Contests are fast losing all sectional and technical phases and are becoming of state-wide interest.

After fourteen weeks of military training in the open, a company of fifty-six recruits of the United States Marine Corps, learning the ropes at the recruit depot here, increased its pulling power from 202,198 pounds to 264,568 pounds—an increase of 62,370 pounds.

The Folding Bath Tub

has solved the bathing problem for those homes where modern facilities are lacking. This tub folds in a roll when not in use and can be laid away back of the door, in the garage, anywhere and set up and ready for use in a jiffy. Every Tub is guaranteed for 10 years against any defect in manufacturing. It will enable you to have all the convenience of a modern bath room in your home.

Steeline the Wonderful new Invention Positively Non-Leakable.

Agent, 344 East Leggett Street, Phone 244

IT'S THE BIGGEST—LET'S MAKE IT THE BEST

To The Corn Boys And Their Friends: IT IS NOT TOO LATE—THE 1916 CORN CONTEST IS STILL OPEN. Did the boys help plant a field of corn? Then they may go in that field and select an acre anywhere. Revisited Rule number 8 permits them to enter if they will. Here are the blanks. DO IT NOW, BOYS. Eleven State-wide Trips, Four District Trips, Six Congressional Trips, Many Local and County Trips in every corner of the State.

Look these over. These people each give a State-wide trip: Governor F. B. Willis, Grand Champion; U. S. Senator Warren G. Harding, Marion; State Chamber of Commerce, O. K. Shimansky, Secretary; Columbus; Oregonia Bridge Company, Lebanon; The Saturday Monitor, Columbus; The R. L. Dollings Company, Hamilton; The American Agricultural Chem. Co., (F. W. Sears), Cleveland; Swift & Co., (C. R. Butler), Cleveland; Armour Fertilizer Works, (W. S. Kelch, 1002 Harrison Bldg.), Columbus; Hon. H. M. Daugherty, Columbus; U. S. Senator Atlee Pomerene, Canton.

Mr. Gail T. Abbot, of Medina, offers four trips, one each in the four Exhibit Districts of the State. Also, the following Congressmen offer trips in their respective Districts: 1st, Congressional District, Hon. Nicholas Longworth, 6th District Hon. C. C. Kearns, 11th District Hon. E. D. Ricketts, 13th District Hon. A. W. Overmeyer, 15th District Hon. W. C. Mooney, 18th District Hon. D. A. Hollingsworth.

Farmer, get your boy in. DO IT NOW.

Send in your entries at once to the Director of Junior Contests, Columbus, Ohio, care of the Board of Agriculture.

Remember the meeting on July 15, at your County Seat for the election of two Corn Boys, to come to the State Fair for a whole week, at the expense of the State Board of Agriculture.

Very truly yours, J. R. CLARKE, Director of Junior Contests.

WHEATFIELD PICNIC AT EXPERIMENT STATION

While differences in wheat varieties and the result of fertilizer treatments will receive greatest attention at the annual wheatfield picnic of the Ohio Experiment Station at Wooster, June 23, all the 700 acres including field crops, orchards, nurseries, greenhouse, herds and flocks, and the laboratories will be ready for public inspection. The differences in hardness and quality of grain in the wheat varieties and the effect of different treatments with fertilizers, barnyard manure and lime are especially noticeable at this time of the year. Continuous culture as compared with crop rotations, livestock versus grain farming, and barnyard manure tests will also be explained to the visitors at this meeting. Station officials hope to have Governor F. B. Willis present to address the crowd after the noon luncheon before the inspection of the wheatfields. Other addresses will be given by President W. O. Thompson, of the Ohio State University, J. F. Cunningham, editor of The Ohio Farmer, and E. S. Bayard, editor of The National Stockman and Farmer, while Director C. E. Thorne and C. G. Williams, of the Experiment Station, will explain the nature of the field crops and fertility work.

Many Women Need Help.

Women are as much inclined to kidney trouble as are men, but too often make the mistake of thinking that a certain amount of pain and torture is their lot and cannot be avoided. Foley Kidney Pills give quick relief from backache, pains in sides and muscles, stiff, sore, aching joints and bladder ailments. Fink & Haumesser.

This can be done by having to install "Standard" porcelain enameled laundry trays. These fixtures are non-absorbent and perfectly sanitary. Let us show you how your laundry equipment may be improved.

Wauseon, Ohio

Remember the meeting on July 15, at your County Seat for the election of two Corn Boys, to come to the State Fair for a whole week, at the expense of the State Board of Agriculture.

Very truly yours, J. R. CLARKE, Director of Junior Contests.

Indiana Man's Experience. Frank Moseley, Moore's Hill, Ind., writes: "I was troubled with almost constant pains in my sides and back. Great relief was apparent after the first dose of Foley Kidney Pills and in 48 hours all pain left me." Foley Kidney Pills make kidneys active and healthful and stop sleep-disturbing bladder ailments. Fink & Haumesser.

THE weekly wash is by no means an easy task, and whoever does the work is entitled to the best appliances for making it less a labor and as agreeable as possible.

Let us show you how your laundry equipment may be improved.
